The following is an examiner's statement of reasons for allowance: the prior art taken alone or in combination neither discloses nor makes obvious the instant invention including formation of a first insulation partial layer at the processed surface of the carrier substrate, provision of a semiconductor component substrate with a splitting-off boundary layer, and a second insulation partial layer, and a connection of the semiconductor component substrate and the carrier substrate at their insulating partial layers to form an insulation layer. Therefore, the prior art of record neither anticipates nor renders obvious the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
